### ABOUT THE JOE ANDRUZZI FOUNDATION

The Joe Andruzzi Foundation, founded in 2008, is committed to providing help, hope, and a reason to smile for cancer patients and their families by contributing financial and emotional support when it is needed most, as well as funding pediatric brain cancer research. Joe Andruzzi, a former three-time Super Bowl winning offensive guard with the New England Patriots, was diagnosed with non-Hodgkin's Burkitt's

lymphoma in 2007 and was treated at Boston's Dana-Farber Cancer Institute and Brigham and Women's Hospital. Disease-free less than a year later, Joe dedicated his life to supporting other cancer patients and funding life-saving research. The Joe Andruzzi Foundation is Joe and his wife Jen's second philanthropic effort; in 2003, they started the C.J. Buckley Brain Cancer Research Fund at Boston Children's Hospital in memory of C.J. Buckley, a young man with an inoperable brain tumor who touched their hearts before losing his battle in 2002. The fund supports much-needed, innovative research into the molecular nature of pediatric brain tumors, novel treatment therapies and alternatives to multiple surgeries.
